ORCID
What it is. What it can do.

Dylanne Dearborn  |  Stephanie Orfano

dylanne.dearborn@utoronto.ca  stephanie.orfano@utoronto.ca

December 8th, 2014
Agenda

• What is ORCID
• Evolving scholarly record
• Stakeholders:
  – Why is ORCID important to this group?
  – Examples of implementation
• Trends
ORCID: what is it?

- ORCID = Open Researcher and Contributor ID
- Independent non-profit organization est. 2010
- Persistent digital identifier for researchers
- Profiling tool

0000-0003-3548-6904
ORCID: what is it?

Benefits:
- Disambiguates authors
- Links researcher with their professional activities, research outputs, grants
- Enables machine readability
- Can be integrated in research workflow
- Non-proprietary, international, interdisciplinary
Setting up your ORCID iD

Setting up an ORCID iD takes 30 seconds

Control your privacy settings

Register for an ORCID iD

ORCID provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.

First name
Stephanie

Last name
Orfano

Password

Confirm password

Default privacy for new research activities (Works, Affiliations, Funding, etc)

Notification Email

- Send me notifications about changes to my ORCID Record.
- Send me information about events ORCID is sponsoring and ORCID news.

Terms of Use

- I consent to the privacy policy and conditions of use, including public access and use of all my data that are marked Public.
# Building your profile

**Stephanie Orfano**

**ID**: [http://orcid.org/0000-0003-3548-6904](http://orcid.org/0000-0003-3548-6904)

Membership Options

ORCID IS FREE FOR RESEARCHERS TO USE!!!

Member Category
• Basic or Premium (small/large)

Agreement Type
• Trusted Party or Creator

Licence Type
• Standard or Consortium (local/national)
Evolving Scholarly Record

Information Flow

Stakeholders

- Researchers
- Publishers
- Funding Agencies
- Administration
- Library Collections
- Librarians
Researcher

• Scholarly output:
  – Helps to define career progression
  – Moving beyond books and articles → diverse forms
  – ORCID can help to raise research profile through addition of many formats
• Name disambiguation is a problem for researchers
  – Publishing under different names (marriage, using only initials), transliteration (“Confucius” or “孔子”)
  – Stays with researcher through career/institutional changes
• Consolidated record of output - Import/export of information
Publishers

• Data integrity
• Simplify submissions
• Reviewer and contributor attribution
Nature Submission Process
Connecting Research and Researchers

CONNECTING
Nature Publishing Group
WITH YOUR ORCID RECORD

Nature Publishing Group

has asked for the following access to your ORCID Record

Read limited info from your ORCID Record

This application will not be able to see your ORCID password, or other private info in your ORCID Record

Deny  Authorize
Funding Agencies

- Ability to auto-populate information
- CV format exports
- Fund tracking
National Institute of Health (NIH)

Create New Profile

You have 3 options for creating a new profile in SciENcv:

- From scratch
- From an external source
- From an existing profile

Name:

Dorothy's CV2

Enter a name to help you to identify this profile

Type of profile:

NIH Biosketch

Additional profile types will be added later this year.

External source:

ORCID

Your ORCID account is linked to SciENcv.

Sharing:

- Public
- Private

You can change the shared settings for this profile at any time.

Create  Cancel

Administration

Administration

- System integration and interoperability
  - Research management systems and other systems
- Ensuring best workflow
  - Reporting
  - Grant submission
- Metrics and assessment
  - Associates researchers with their work
  - New metrics?
Library Collections

- Records in the UTL catalogue use authority files to manage identities (Library of Congress)

- Limitations:
  - limited to known monographs in the collection
  - Journal articles: records come from publishers/other sources
Cat /

Katharine M. Rogers.

description: 207 p. : ill. (some col.) ; 20 cm.
ISBN: 1861892926 (pbk.), 9781861892928 (pbk.).
format: Book

Holdings

Gerstein Science Stacks SF442.6 R64 2006
UofT at Scarborough Stacks SF442.6 R64 2006

Subjects

subject: Cats--History.
Human-animal relationships.

More Details

author: Rogers, Katharine M.
Library Collections: Opportunities

• Inserting ORCID iD/ISNI into Authority files to increase researcher visibility
• Increases discoverability of material outside of the UTL collection
• IDs will be added into authority files at an international level
Librarians

- Important to be aware of what is happening in discipline
- Opportunity for librarians to take on a bigger role in the scholarly Communications process
- Institutional repositories: commonly managed by library
  - New initiatives in place that automatically assign incoming theses/dissertations ORCID iDs (e.g. TAMU)
Trends

• Persistent identifiers
• Metrics
• Research Data
• Profiling tools
• Interoperable systems and initiatives
• Interdisciplinary research
• Discoverability
Thank you
